Free.Easy.Instant. Built for Teachers

Quick Key Mobile is a free app for iPhone and iPad. Quick Key Mobile provides instant feedback for exit tickets, do-nows, and bigger assessments too, up to 30 questions per Quick Ticket answer key.

Quick Tickets are free and easy to download, print, or photocopy.

Set up students and classes by importing your student list from any electronic grade-book or LMS system.

Upload grades to the data warehouse just as quickly using our easy Quiz Results Exports.

We take a teacher-centric approach to problem-solving. And that includes making user support one of the most important things we do every day. Everyone on the Quick Key team, from our founders to our engineers, plays a role in delivering support.

Out of this comes our most important asset: conversations with our global family of users, who every day help us

improve and refine the Quick Key experience.

Quick Key *works* for teachers, and makes an immediate difference.
